“Meet and Play at the MCA”

DISCLAIMER:

The Meadview Monitor is an official publication of the Meadview Civic Association (MCA, a membership association) P.O. Box 217, Meadview, AZ 86444. (928) 564-2313, Fax (928) 564-2520, or email: mca@citlink.net (please put “Meadview Monitor” in the subject line.) Notice in the Meadview Monitor is official notice of any and all proceedings of the MCA.

Submissions become the property of The Meadview Monitor. We will not publish any letters or ads that are unsuitable for this newsletter or for which the MCA be held liable. The Board of Governors will make the final decisions on those letters, ads and/or articles that are printed. All articles must have a by-line. All letters must have a name and a traceable address.

Letter to the Members

The MCA Board of Governors and Staff wish to convey their deepest sympathies to the late Director Cloyd Moody’s family. We are saddened of the loss of this beloved board member. He will be sorely missed.

The MCA is proud to announce that it has implemented a brand new **website (www.mca-az.com) facelift**. The information is similar, but easier to access. The members will find the new website user-friendly with its’ new buttons taking you through the tour of MCA’s Facilities.

In addition to the facelift, the website now supports a “blog” so that the members can communicate with the staff, directors, and each other.

Thank you Members for filling out the “Suggestion and Comment” cards. Some of your suggestions are already a work in progress; other suggestions will have to wait another day.

Please remember members if using the refrigerator, you must label your food.

Speaking of food, don’t forget the ICE CREAM SOCIAL on July 6th from twelve noon to 3:00 P.M.

See you there!

PICKLEBALL INFORMATION FOR MCA MEMBERS

The MCA has arranged for a popular, safe sport to be played indoors; however there are some stipulations in having the sport offered indoors mainly in keeping the play gentle so walls & windows are left unblemished. For more aggressive players, we re hoping to have a full size court available outside.

- ◆ Paddles whiffles balls, & a Pickleball rulebook are available in the auditorium. You will find equipment in a box marked Pickleball behind the first door to the left as you enter the auditorium. The net is usually against the wall & is easily puled into place where the court is taped off on the floor in the front of the auditorium.
- ◆ Please close the window shutters that are closest to thee court, thus protecting the windows and stopping any glare from the outside.
- ◆ Pickleball can be played anytime that there are no scheduled events; most evenings and daytimes are open for play during the week after 10:00 A.M. Available times to play can also be checked by telephoning the MCA office.
- ◆ Suggested shoe wear consist of non-slip court shoes. Please do not wear black sole shoes, as they will mark up the floors.
- ◆ As a courtesy, please do not monopolize the court. If there are other players waiting, play for one half hour and then give other members a chance to play.
- ◆ There are a list of names & telephone numbers of those that play Pickleball in Meadview. If you don't have someone to play with, give one of these names on the list a call.
- ◆ For additional information email Lynn Wright Murray @ bizlynn@yahoo.com.

AQUA FIT

Aqua Fit previously known as Water Aerobics, is exercising to fun upbeat music to help women and men alike to get more flexible and fit. It is meant for swimmers and non-swimmers alike. Lots of our exercises are done in shallow water 3-5 feet. Doing exercises in the water is the best form of exercising. 1. Because it is helpful with on joints because of buoyancy of the water which causes low impact on joints. It also helps with your balance. 2. Because of the water, which is 14 times resistant to what exercise you might do on land gives you a better workout. It is so much fun and you make new friends as well and get to know some of the people in the community. Come out and join the fun and get flexible and fit at all at the same time.

Patrice McGinnis leads the class who is a trained Aqua Fit instructor and Linda Rowe who has also taken an Aqua Fit class is her assistant.
Come join us on **Monday, Wednesday, Friday at 9:15 AM.**

COME WORSHIP WITH US!!

REMEMBER WHEN SOMEONE WANTED TO EXPLODE DYNAMITE IN LAKE MEAD?

By Suzann Newell

PROJECT BARGE, was dropped on residents in Meadview in 1991 when MIT and Columbia University were hoping to drop explosives in our Lake to test the seismographic reactions on the fault line running from the Grand Wash Cliffs to Gold Butte on the Nevada side. The 133 blasts of TNT were halted when nearly 200 residents of Vegas and Meadview held meetings detailing this project. The fishermen who boated the entire length of Lake Mead were up in arms!

That first project was halted but the universities then proposed using an air gun of 2000 psi shooting 8400 shots in a volume of 20 cubic inches up to 250 cubic inches at a minimum of once a minute for approximately 2 hours directly over the fault line. The test was to be from a 49 foot barge in March or April 1993. The barge would be towed by a 41 foot diesel jet boat, the Tincanebitts Taxi from Lake Mead City with an array of 6 air-guns lowered to 10 meters into the lake water. Plans were to conduct the experiment across the lake from Grand Wash Cliffs to Gold Butte and up the Colorado River 10 km from Pearce Ferry. The test called the Lamont-Doherty geoscientific experiment actually held on December 1993 in Boulder Basin. Divers went down and found no dead fish and fishermen along the river heard no explosion. Dr. John Mutter, of Columbia University, explained why this study was proposed for east end of Lake Mead. The 50 seismographs positioned on land surrounding the lake would provide knowledge about faults and earthquakes. Dr. Mutter explained that the cliffs to the east, Grand Wash Cliffs, are virtually in the same position as a billion years ago, but the land directly to the west of the cliffs has broken off, and moved and tipped upright. By studying the seismographic readings the scientists hoped to understand why earthquakes happen and perhaps learn how to predict them.

In 1995/1996 the water level in Lake Mead went down so far the project for the east end of the lake was abandoned.

GOLD IN THEM THERE HILLS and METEORITES, TOO

By Suzann Newell

In 1993 two professors from the Geology Dept. of the University of Arizona were staying in the Meadview RV Park and Dennis and Ruth Ogden, builder and owner of the park, watched them leave each morning and return in the evening. The two always were loaded down with metal detectors and back packs. They returned each winter until 1995 when the two professors finally told the Ogden's that they had found a meteor field and now a news release would inform the world of their findings.

This field was laid down at least 25,000 years ago when a large meteor exploded over this area, now known as Gold Basin. It is estimated that the meteorites cover an area over 15 miles long and 5 to 6 miles wide. Since 1995 it is estimated that 20,000 meteorites have been found with at least that many left to be found. The type of meteorite found here is called L4 Chondrite. This type contains enough nickel and iron to cause a reasonable positive ping from most detectors but the sound is different than your iron heavy meteorite. This meteorite contains Chondrules which are dark spherical bumps or nodules. This tells you that it is a Chondrite meteorite. They look like the native rock found in the area, the size is similar but the shape of a rock has more angular sides than the meteorite.

Explorers and over the hill hikers

By Suzann Newell

A back-road trip to Temple Bar with a picnic lunch before taking the paved road to 93 and back to Meadview was a good way to spend a really good day. The Lake was glassy and blue.

A hiking trip down the Basin St. canyon was another day between rains, the temperature was perfect for hiking. We had our sack lunches sitting on the limestone rocks just before you get to the cliff that goes into Grapevine Wash.

Sixteen of us drove Buck 'n Doe to Peach Springs to have lunch at the Diamond Creek Lodge. Great Hualapai Tacos. Our rainy weather cleared up for our drive to the Music Mountains Mines. The back road down to the Cane Springs Road is still a 'hold your breath and hang on' ride. The Cane Springs road is still very rough, but all of the jeeps just glided over the rocks and ruts.

Our last trip was to the Rafter's Ramp. Good thing we went early so some could hike to the Pearce Ferry Rapids while the rest of us set up the large tarp for shade and loaded the tables with barbecued shredded pork for sandwiches, fabulous beans, three salads and lots a watermelon and two batches of cookies. One thing you can say about the Explorers, we have good cooks and all of us like to partake of the goodies. This was our last meeting until September.

All MCA members are invited to join us for our hikes and trips. Please show up for the September 11, regular meeting. This begins at 6:30 p.m. in the MCA auditorium.

Have a fun and safe summer.

JULY 4TH GETTING CLOSER

LAST CALL FOR THE 3RD & 4TH OF JULY!

ARE YOU GETTING READY?

HOPE YOU ARE COMING TO THE CELEBRATION!

HAPPY BIRTHDAY, AMERICA!

The historical monument has been started. Fred Wilson is preparing a time capsule to put into the monument, and Bob Mikesell has contributed a 25 cent & 50 cent commemorative coins to be placed in the capsule. A Meadview Monitor will also be placed in it. A complete rundown on the contents of the capsule will be published in the next issue of the monitor. Marion Bedwell is tooling the leather covers for the compilation of the Meadview Monitors. I have been taking pictures of homes of residents who have appeared as Meadview Mavericks, the pictures to accompany the articles which appeared about these home owners in various issues of the Monitor. Much work is yet to be done on the garden. We have the stakes on which to Woodburn the names of flora of the desert. They must be cut, too, and then put into the ground near the flora & cacti for identification. The tables for the Arts and Craft show will be set up & numbered. Will the folks who have reserved a table see Bill Rousey to pick your number for a table. The decorations of the tables is left to the individual using it to do as he wishes in this regard. Have you seen the posters at the Civic Center? If not, go take a look! Have you seen the trophies & the prizes on display at the Landex? If not, go take a look! Two trophies, one for the best decorated vehicle & one for the best costumed couple, along with numerous prizes, are on display. Thanks to Duane Johnson & Landex for the space, & to the Dolan Springs Rock club for the loan of the display case. In a note Peg Becker (of the Harmony Express) tells me that she has a costume in the making. She & Bob can play the Virginia Reel. Is there anyone who can call it? Well folks, I guess that does it. I hope to get a chance to say hello to all of you during the "HAPPY BIRTHDAY AMERICA" CELEBRATION HERE AT MEADVIEW!

V.F.W. Post #11014

Summer means a little slowing down in Meadview and the VFW, NOT!!

Along with our weekly tournaments, WII Bowling, Darts, Pool and Shuffleboard our Taco Tuesdays and Fish, Chicken, or Shrimp Fridays will continue as normal. The Post, its Auxiliary, the American Legion, and American Legion Auxiliary will continue to offer additional meals and fun in July and August.

Commander Pete Pedersen and his officers are busy making changes at the VFW. The parking lot is being worked on, "Rock the V" as well as improving the seating area outside on the East of the building. i

Commander Pederson has been working on getting a DAV van to take Veterans to Doctor appointments. Currently the VFW is looking for drivers, if you are interested in driving (volunteer basis) to help get our Veterans to much needed medical care please come into the VFW for an application or talk with the Commander or one of his officers about the program. There will be training involved. We are also awaiting correspondence so the VFW can work on meeting this commitment when the Van arrives at our Post.

Commander Pedersen is also looking into a health net program that would allow our Veterans access via computer to the VA and to ease the process of getting permission for urgent care. Over the next few months, watch the COM or if you are a member of the VFW, Auxiliary or American Legion, come to the meetings for updates.

July 4th the VFW will have a Flag raising honoring the Birthday of the United States, please feel free to come, watch the flag raising and stay for the Post Annual Hamburger, Hot Dogs with chips. Kids will receive a free Hot Dog, \$5.00 for adults.

Grab your hamburger or hot dog and stay for the Centennial Celebration of the American Legion, kids can have fun on the coloring table, or other fun things. Turn in a coloring page about "What is America" and receive an ice cream cup.

Once again, like us on Facebook to see updates and our monthly calendar, check the calendar and flyers on the outside bulletin board at the entrance to the VFW or stop in and pick up our newsletter. The Post is always cool and filled with comradery!

American Legion Auxiliary Post #103

Greetings,

The VFW National Commander in Chief, BJ Lawrence, wrote in his May 2019 VFW Letter regarding Memorial Day, "One of the VFW's most sacred obligations is remembering the nation's defenders who have paid the ultimate sacrifice. And it is up to us to set an example for others to follow." He ends the letter, "do your part to keep the focus on why we observe this special day. Our communities expect it, our brothers and sisters who paid the ultimate price for all of us, deserve it." As a Veterans Service Organization, those words resonate the core values of the VFW Auxiliary programs. To lead the community in how we can all serve Veterans, Military and their families, our community. Below is a sample of the current programs of the VFW Auxiliary:

Americanism- Flag awareness, proper regard and retirement, POW-MIA ceremonies to "Never Forget" and continue their memory, disaster/safety preparedness. Are you ready? Could you assist your neighbor/community? We look forward to continuing the flag exchange at the VFW. Bring a flag to retire, receive one in exchange. On Veterans Day each year, the VFW holds a memorial service to properly dedicate and retire flags.

Veteran and Military Support- includes assisting with Stand Down, Operation Uplink for cell phone availability/minutes for active military to call home, Unmet needs for military families who need a little extra when their loved one is away in service, MAP Program serving communities sending troops off or receiving them home, and we are always looking to "Adopt a Unit"- please let us know of your loved one who is actively serving that we may support.

Hospital-recognizing our heroes at a time when they might like to hear words of support. Sue Cardenas has carried on Kenny's legacy of continuing Bingo at the Boulder City, NV VA Home. The Post and Auxiliary help with Christmas wish list gifts for the residents of the same. Cards, letters, tokens, keepsakes, chocolates! are always appreciated. Volunteers are valued. Everyone is welcome to join us.

Legislation-Connie has been instrumental in bringing updates on VFW legislation to the forefront. "Action Corps Weekly" is the VFW's greatest tool in "how we can help" by simply writing in support of legislation action. Click on a link to show support, hand write a letter, let others know, bring attention to important legislation to help our Veterans. Updates are given weekly on POW/MIA identification. You don't have to be a member to follow along with the VFW Legislation progress.

VFW National Home for Children/Buddy Poppy- a Lifetime Membership to the VFW National Home is only \$35.00. The National Home serves our military families while their loved one(s) is deployed or helps families get back on their feet after active duty. Buddy Poppy represents the blood shed for our freedom. Funds garnered from Buddy Poppies go toward the VFW National Home. In the hall are past Buddy Poppy Displays-demonstrations to keep the memory of those who have served.

Scholarships/Youth- Patriot Pen, a written essay with a topic, is for grades 6, 7 and 8. Youth may enter every year. Voice of Democracy is for grades 9, 10, 11, 12. Youth may enter every year. This year's theme for Patriot Pen and Voice of Democracy is "What Makes America Great". Due date is October 31. We greatly anticipate learning of entries. Young American Patriotic Art- grade levels 9, 10, 11, 12. Examples past winners have presented may be viewed on the VFW Auxiliary website under scholarships. Amazing what our young persons have the ability to render with a patriotic theme. Youth, any way we may be able to bring patriotism to the classroom and community is part of our core value. We look forward to participating in Constitution Day this September with Mt. Tipton Elementary. New this year, a drawing contest between grades asking children what America is to them.

Community Outreach- In this day of social media, how is the Auxiliary represented, how are our programs being presented to the public? How are we letting the community know what the VFW represents? Please feel to come in to the VFW and ask about any programs of interest. Let us know how we can serve you, your Veteran, your active duty Military and family.

New to the MCA??? Maybe you've been here for years.....

How did you find Meadview? Wouldn't you love to learn how this beautiful town became so populated with such a wonderful variety of people. Send me your story of how you made Meadview your home / home away from home. Maybe even a picture or two.

Member Acquaintance is the goal.

Don't be shy....

Email me at mca@citlink.net or drop me a letter via mail

Meadview Civic Association, Inc.

The purpose of our organization is to foster & encourage the civic advancement of our members and/or property owners.

However, Social Membership applications are also cogitated.

In August of 1970, the owners of the Meadview subdivision determined that to maintain the friendly small town attraction of Meadview, a central meeting & recreational facility was needed.

They set up the MCA with involuntary membership to property owners. A number of Meadview families agreed and the Articles of Incorporation were created and accepted by the State of Arizona. With an \$80,000 loan to erect the facility; construction of the lounge, kitchen and pool began January of 1971 and completed in July that same year.
